ESTIMATE

SOUTHWEST PATH, pavers

Met with David Congram and discussed the proposed changes to the S/W walkway.

Length of existing concrete to be removed: 47' from the side entrance to the back gate, included in this proposal.
(It is 54' to the edge of the alley property line.)

SCOPE OF WORK:

- Break up, remove and dispose of existing concrete walkway, includes disposal fees
- supply and install drain rock to level the ground under the new pavers
- compact ground using vibrating compactor
- supply and install pavers, 18" x 18"
- apply sand to fill in around pavers
- clean up and waste disposal

Estimated Cost, labour and materials: \$3,420.00 + HST
